

MIGRATING FROM XAMARIN

Easy Transition, Superior Performance: Your
Path from Xamarin to iOS and Android

Kodeco Benefits

1. Customized Training

Kodeco creates tailored training programs that align with your company's specific needs, enhancing the effectiveness of the learning experience for your team.

2. Expert Mentorship

Seasoned iOS & Android experts offer mentorship and support, helping your team navigate technical challenges during the transition process efficiently.

3. Proven Expertise

With over 14 years of experience, Kodeco ensures effective and reliable guidance throughout your migration.

Background

A well-established company that relies heavily on **Xamarin** for their mobile app development, faced challenges as Xamarin approached its end of life.

Seeking a more powerful and reliable solution than .NET MAUI, they approached Kodeco to help them make a strategic transition to native iOS and Android mobile apps for more elegant client experiences.

Challenge

The company needed to ensure a **smooth migration** without disrupting their ongoing operations. They required a solution that not only matched but exceeded the functionality and reliability of their existing framework and offered clients a better experience.

The main objectives were to **minimize downtime**, train their in-house team to use iOS and Android effectively, and migrate their app with **enhanced** performance capabilities.

MIGRATING FROM XAMARIN

Easy Transition, Superior Performance: Your
Path from Xamarin to iOS and Android

Solution

To address their customer's needs, **Kodeco** developed a customized multi-step plan:

- 1. Initial Analysis:** We conducted a deep evaluation of the client's existing app and infrastructure to understand their specific requirements and challenges.
- 2. Custom Workshops:** Based on the initial assessment, we tailored a series of workshops designed to upskill their development team in Agile development, as well as in the latest technologies and best practices for iOS and Android.
- 3. Custom Curriculum:** We also provided custom-curated learning resources to help their mobile development team learn exactly what they needed to know in advance of their workshops.
- 4. Dedicated Mentorship:** Because this is a complicated ongoing transition, we provided additional one-on-one mentoring for their mobile team, to troubleshoot issues and provide guidance on best engineering practices throughout the migration.

Result

The client has expressed high satisfaction with the comprehensive learning plan designed to facilitate their migration. The tailored training program, crafted to meet their specific needs, has instilled confidence in their team about successfully managing the migration to new iOS and Android platforms. These workshops have allowed their team to get an accelerated path to building native iOS and Android apps, ensuring their business doesn't miss a beat.

Conclusion

This case study exemplifies **Kodeco's** commitment to providing comprehensive migration solutions tailored to meet specific business needs. Our approach ensures that companies not only transition away from deprecated technologies like Xamarin but also advance their capabilities with more powerful platforms like iOS and Android, ensuring YOY monetization.
